## Volume 17, Number 4, April 2003

*Original papers:*
Development of a longitudinal study of complications and functional outcomes after traumatic brain injury
*M. L. C. Labi, M. Brentjens, M. L. Coad, W. J. Flynn and M. Zielezny* 265

Epidemiology of traumatic comas: a prospective population-based study
*F. Masson, M. Thicoipe, T. Mokni, P. Aye, P. Erny, P. Dabadie and The Aquitaine Group for Severe Brain Injury Study* 279

Evaluation of malingering cut-off scores for the Rey 15-Item Test: a brain injury case study series
*L. A. Taylor, J. S. Kreutzer and D. D. West* 295

Evaluation of extensibility, passive torque and stretch reflex responses in triceps surae muscles following serial casting to correct spastic equinovarus deformity
*B. J. Singer, K. P. Singer and G. T. Allison* 309

Reliability of the self-awareness of deficits interview for adults with traumatic brain injury
*M. Simmond and J. Fleming* 325

*Case Studies:*
Agraphia with abnormal writing stroke sequences due to cerebral infarction
*S. Maeshima, E. Sekiguchi, K. Kakishita, H. Okada, R. Okita, F. Ozaki and H. Moriwaki* 339

Treatment of oro-facial hypersensitivity following brain injury
*R. Gilmore, J. Aram, J. Powell and R. Greenwood* 347

Rapid cycling bipolar disorder after left temporal polar damage
*T. Murai and S. Fujimoto* 355

## Volume 17, Number 5, May 2003

*Original papers:*
Crisis and its assessment after brain injury
*J. R. Davis, M. Gemeinhardt, C. Gan, K. Anstey and J. Gargaro* 359

The mediating effects of effort upon the relationship between head injury severity and cognitive functioning
*A. Moss, C. Jones, D. Fokias and D. Quinn* 377

Feasibility of swallowing interventions for tracheostomized individuals with severely disordered consciousness following traumatic brain injury
*T. M. O'Neil-Pirozzi, K. J. Momose, J. Mello, P. Lepak, M. McCabe, J. J. Connors and D. J. Lisiecki* 389

Clinician expectations for portable electronic devices as cognitive-behavioural orthoses in traumatic brain injury rehabilitation
*T. Hart, T. O'Neil-Pirozzi and C. Morita* 401

Multisensory integration after traumatic brain injury: a reaction time study between pairings of vision, touch and audition
*S. Sarno, L.-P. Erasmus, B. Lipp and W. Schlaegel* 413

Assessing distress in caregivers of people with a traumatic brain injury (TBI): a psychometric study of the Head Injury Behaviour Scale
*H. P. D. Godfrey, M. A. Harnett, R. G. Knight, N. V. Marsh, D. A. Kesel, F. M. Partridge and R. H. Robertson* 427

Development and application of the Family Empowerment Questionnaire in brain injury
*D. W. K. Man, C. S. Lam and C. C. Bard* 437

Erratum 451

## Volume 17, Number 6, June 2003

*Original papers:*
Long-term adjustment of families following traumatic brain injury where comprehensive rehabilitation has been provided
*J. Ponsford, J. Olver, M. Ponsford and R. Nelms* 453

Urinary incontinence after traumatic brain injury: incidence, outcomes and correlates
*K. Chua, A. Chuo and K. H. Kong* 469

Relationships between olfactory discrimination and head injury severity
*P. Green, M. L. Rohling, G. L. Iverson and R. O. Gervais* 479

The use of dopamine enhancing medications with children in low response states following brain injury
*P. D. Patrick, M. L. Buck, M. R. Conaway and J. A. Blackman* 497

Profiles of nursing home residents with traumatic brain injury using the Minimum Data Set
*R. J. Buchanan, S. Wang and C. Huang* 507

*Case studies:*
Emotional adjustment following cognitive recovery from 'persistent vegetative state': psychological and personal perspectives
*J. A. Macniven, R. Poz, K. Bainbridge, F. Gracey and B. A. Wilson* 525

Acquired heterotopic ossification in the settings of cerebral anoxia and alternative therapy: two cases
*K. S. G. Chua and K. H. Kong* 535

## Volume 17, Number 7, July 2003

*Original papers:*
The Patient Distress Scale questionnaire: factor structure and internal consistency
*S. R. Borgaro, G. P. Prigatano, S. Alcott, C. Kwasnica and N. Cutter* 545

The relationship between pre-hospital and emergency department Glasgow coma scale scores
*J. J. Bazarian, M. A. Eirich and S. D. Salhanick* 553

Who knows best? Awareness of divided attention difficulty in a neurological rehabilitation setting
*J. Cock, C. Fordham, J. Cockburn and P. Haggard* 561

Evaluating clients' perceptions of the quality of head injury rehabilitation services: development and validation of a questionnaire
*B. R. Swaine, É. Dutil, L. Demers and M. Gervais* 575

Problem-solving by traumatically brain injured and neurologically intact subjects on an adaptation of the twenty questions test
*R. C. Marshall, C. M. Karow, C. A. Morelli, K. K. Iden and J. Dixon* 589

A pilot study exploring electronic (or e-mail) mail in users with acquired cognitive-linguistic impairments
*M. M. Sohlberg, L. A. Ehlhardt, S. Fickas and A. Sutcliffe* 609

*Case study:*
Early recognition of neuroleptic malignant syndrome during traumatic brain injury rehabilitation
*V. Kadyan, S. C. Colachis, M. J. DePalma, J. D. Sanderson and W. J. Mysiw* 631

## Volume 17, Number 8, August 2003

Contents: Special issue on Neuroplasticity

Foreword
*S. J. Page and S. Yablon* 639

*Reviews of the subject:*
Theoretical basis for brain plasticity after a TBI
*P. Bach-y-Rita* 643

Traumatic brain injury and its effects on synaptic plasticity
*B. C. Albensi and D. Janigro* 653

Neuroplasticity following non-penetrating traumatic brain injury
*H. S. Levin* 665

Forced use after TBI: promoting plasticity and function through practice
*S. Page and P. Levine* 675

Neuropharmacology of TBI-induced plasticity
*L. B. Goldstein* 685

*Case studies:*
Neuropsychological deficits in a child with a left penetrating brain injury
*F. Roman, P. Salgado-Pineda, D. Bartrés-Faz, J. P. Sánchez-Navarro, J. Martínez-Lage, F. López-Hernández, N. Bargalló and C. Junque* 695

The cognitive impairments due to the occipito-parietal brain injury after gunshot. A successful neurorehabiliation case study
*J. Seniow, K. Polanowska, T. Mandat and K. Laudanski* 701

Beneficial behavioural effects of lamotrigine in traumatic brain injury
*A. Pachet, S. Friesen, D. Winkelaar and S. Gray* 715

Treatment of premature ejaculation after traumatic brain injury
*G. Simpson, B. McCann and M. Lowy* 723

## Volume 17, Number 9, September 2003

*Original papers:*
Traumatic brain injury in a county jail population: prevalence, neuropsychological functioning and psychiatric disorders
*B. Slaughter, J. R. Fann and D. Ehde* 731

Mentally disordered offenders with a history of previous head injury: are they more difficult to discharge?
*C. A. Hawley and A. Maden* 743

Community integration following multidisciplinary rehabilitation for traumatic brain injury
*T. E. Goranson, R. E. Graves, D. Allison and R. La Freniere* 759

Exploring self-concepts of persons with brain injury
*D. W. K. Man, A. S. F. Tam and E. P. Y. Li* 775

Does weight-shifting exercise improve postural symmetry in sitting in people with hemiplegia?
*S. S. Y. Au-Yeung* 789

Behavioural recovery correlated with MRI in a rat experimental stroke model
*M. Abo, H. Yamauchi, Z. Chen, K. Yonemoto, S. Miyano and B. Bjelke* 799

The effect of Aricept® in persons with persistent memory disorder following traumatic brain injury: a pilot study
*C. E. Morey, M. Cilo, J. Berry and C. Cusick* 809

*Case study:*
Cognitive decline over time following electrical injury
*T. A. Martin, N. F. Salvatore and B. Johnstone* 817

## Volume 17, Number 10, October 2003

*Original papers:*
Script memory for typical and atypical actions: controls versus patients with severe closed-head injury
*E. Vakil, T. Sharot, M. Markowitz, S. Aberbuch and Z. Groswasser* 825

Neuropsychiatric sequelae in TBI: a comparison across different age groups
*P. Geraldina, L. Mariarosaria, A. Annarita, G. Susanna, S. Michela, D. Alessandro, S. Sandra and C. Enrico* 835

Modification of the patient competency rating scale for use on an acute neurorehabilitation unit: the PCRS-NR
*S. R. Borgaro and G. P. Prigatano* 847

Recovery of spatial memory and persistence of spatial orientation deficits after traumatic brain injury during childhood
*M. Lehnung, B. Leplow, V. Ekroll, B. Benz, A. Ritz, M. Mehdorn and R. Ferstl* 855

Subject ordered pointing task performance following severe traumatic brain injury in adults
*G. Hanten, G. Stallings-Roberson, J. X. Song, M. Bradshaw and H. S. Levin* 871

Association between pulmonary and digestive infections in patients receiving gastric acid-lowering medications for a long duration
*M. C. Rousseau, A. Catala and J. Blaya* 883

*Reviews of the subject:*
Diagnosing depression in persons with brain injuries: a look at theories, the DSM-IV and depression measures
*P. R. Babin* 889

Incidence of concussion in contact sports: a systematic review of the evidence
*J. O. Koh, J. D. Cassidy and E. J. Watkinson* 901

Volume 17, Number 11, November 2003

An fMRI study of executive functioning after severe diffuse TBI
*R. S. Scheibel, D. A. Pearson, L. P. Faria, K. J. Kotrla, E. Aylward, J. Bachevalier and H. S. Levin* 919

Evaluation of the home and community-based services brain injury MEDICAID WAIVER PROGRAMME in Colorado
*C. P. Cusick, K. A. Gerhart, D. Mellick, P. Breese, V. Towle and G. G. Whiteneck* 931

Brain injury case management: the potential and limitations of late-stage intervention—a pilot study
*R. D. Fitzsimmons* 947

Depression and life satisfaction in patients with traumatic brain injury: a longitudinal study
*A. T. Underhill, S. G. Lobello, T. P. Stroud, K. S. Terry, M. J. Devivo and P. R. Fine* 973

National estimates of hospitalization charges for the acute care of traumatic brain injuries
*M. Schootman, T. G. Buchman and L. M. Lewis* 983

Life satisfaction related to work re-entry after brain injury: a longitudinal study
*U. Johansson and B. Bernspång* 991

Corpus callosum atrophy in adolescents with antecedents of moderate perinatal asphyxia
*C. Mañeru, C. Junqué, P. Salgado-Pineda, J. M. Serra-Grabulosa, D. Bartrés-Faz, B. Ramirez-Ruiz, N. Bargalló, M. Tallada and F. Botet* 1003

Volume 17, Number 12, December 2003

Functional assessment of executive abilities following traumatic brain injury
*M. J. Bamdad, L. M. Ryan and D. L. Warden* 1011

Work adjustment and readjustment of persons with mid-career onset traumatic brain injury
*P. W. Power and D. B. Hershenson* 1021

Traumatic brain injury and Alzheimer's: deficit profile similarities and the impact of normal ageing
*J. H. Hinkebein, T. A. Martin, C. D. Callahan and B. Johnstone* 1035

Predictions of recall and study strategy decisions after diffuse brain injury
*M. R. T. Kennedy, E. Carney and S. M. Peters* 1043

Evaluation of the effectiveness of two clinical training procedures to elicit yes/no responses from patients with a severe acquired brain injury: a randomized single-subject design
*S. Barreca, D. Velikonja, L. Brown, L. Williams, L. Davis and C. S. Sigouin* 1065

Post-traumatic stress disorder in children following road traffic accidents: a comparison of those with and without mild traumatic brain injury
*F. J. Mather, R. L. Tate and T. J. Hannan* 1077
